

Joyce and Katie

Hello All!

My name is Katie Schoenfelder & I am excited to announce that I will be the new pre-school teacher assistant at the Christian Learning Center! I grew up on a family farm just south-east of Huron where we raise crops and cattle. I graduated from Huron High School in 2016 & I am currently taking college classes online through Lake Area Tech's Photography & Media Program. Outside of the farm & photography I enjoy cooking & baking, crafting, swing dancing and keeping active... which I am sure will come in handy with the preschoolers. Faith & family are very important to me & I can't wait to share my time & passions for both with you all during this upcoming school year!
